

# FIDS flight information display system

Ideal Business Services Ltd. announces a new airport Flight Information Display System (FIDS) to provide real-time information on flight arrivals and departures.

FIDS is a new addition to the suite of software solutions developed by logistics and distribution software specialists Ideal Business Services Ltd.

FIDS is a perfect accompanying module to Ideal's ASMIS airport statistical management information system.

Time	Flight	From	Status
12:55	LI908	Barbados	Arrived 12:50
13:15	AE123	Puerto Rico	Delayed
13:20	LI456	Antigua	On Time
14:00	LI852	St Lucia	On Time
14:20	AE4581	Miami	On Time
16:00	LI234	Barbados	Delayed
16:30	LI653	Martinique	On Time

## FIDS enhances the airport experience for passengers, airport management and staff.

- ✓ Real-time displays of flight arrivals and departures
- ✓ Information displayed automatically changes in line with each flight's status
- ✓ User-friendly flight schedule management and data entry
- ✓ Data can be received electronically if available
- ✓ Individual flight management
- ✓ Multiple screen support to any size
- ✓ Air Traffic Control access for immediate updates on aircraft movements
- ✓ Automatically maintains flight statistics in Ideal's ASMIS system

*"Ideal has transformed our air and sea port operations by effectively utilizing technology to design and implement the type of information systems that have resulted in increased operational efficiencies throughout SLASPA.*

*Their high level of professionalism, dedication and exceptional programming skills have contributed to the smooth transition from manual processes to fully automated information systems"*
